# About This Game

It has been 150 years since the Creator unleashed his wrath with the Sundering — the cataclysm that altered the face of the world and set the stage for war. Now is the time to rewrite history once more as four powerful factions — the Human Kingdom, the Orc Tribes, the Undead Horde, and the Demonic Ascended — gather forces for a final, titanic clash.

Amass your army of fearless warriors, mythical beasts, and devastating war machines, and confront the foes who would destroy you in high-stakes campaigns across the fantasy world of Erenar. Your tenacity and tactical mastery as battlefield commander will mean the difference between the salvation and ruin of your people. Between total victory and utter annihilation.

These are the times when heroes are made and legends are born. These are the Realms of Conquest.
